 DISTRICT OF ARIZONA

K17 DEPUTY

This petition is being written because there are officers in positions of leadership that are preventing inmates from receiving mail (physically and electronically) despite being allowed in accordance to Department Order 914 which is in violation of the Constitutional Rights of Prisoners. In many incidents, the mailroom does not send mail out in a timely manner. Sergeant R. Marschke has been cited the most as the mailroom officer that abuses his power to contraband mail and emails. This has resulted in the mailroom to; hold mail which is a violation of the above rights (§1-5.9), misquoting policy from Department Order 914 in violation of the Constitutional Rights of Prisoners (§1-5.9), Overcensorship in violation of the Constitutional Rights of Prisoners (§1-5.9 and Brown v Board of Education 1968, Miller v. California 1973), and preventing religious objects from entering the prison in violation of the Constitutional Rights of Prisoners (§1-7.3, Newton v Cupp). Sergeant R. Marschke has continually violated the rights of prisoners of a certain population, the population being prisoners in a sex offender yard, due to discriminatory idealism in violation of the Constitutional Rights of Prisoners (§1-5.10). Even though Sergeant R. Marschke is cited for the majority of these incidents, there are other officers that have violated the Constitutional Rights of Prisoners as well. The staff members above Sergeant R. Marschke are also at fault for allowing these violations of prisoners' rights to occur and worsen over several years despite the inmate population communicating their concerns and complaints. It must be stated that these may not be the only violations that have occurred, they are just the most obvious violations the people of the state are aware of.

The signatures on the following pages represent the inmates who have been a victim of these violations and strongly believe that remedies need to be taken in the mailroom immediately. Evidence of the violations and the communication that the people of the state had with the Geo Group staff is attached at the end of the original petition.

In conclusion, the facts are that the Geo Group facility is taking it upon themselves to interpret the Department Orders of the Arizona Department of Corrections and the main individual that is abusing his power and continue to victimize inmates at this facility is that of Sergeant R. Marschke. This same individual has created gatherings of inmates to peacefully protest the removal of this individual from this facility. The Geo Group powers of authority continue to give empty promises when dealing with Sergeant R. Marschke "internally". This merely results in an absence of Sergeant R. Marschke for a couple of days if any, but then the violations become more frequent and/or worsens. There are some simple remedies to these problems; the immediate removal of Sergeant R. Marschke from any control or power of any inmates of any population and for the rest of the Geo Group staff to interpret the Arizona Department of Corrections Department Order 914 in a literal sense instead of the biased and opinionated interpretations they have now. This is to be done with prejudice, without retaliation or harassment against the inmate population, of any form, in regards to this petition.
